

Tomorrow, MediaCityUK

Overview //

The Tomorrow building is a stunning 100,000 sq ft £20m hotel and office development for businesses in the creative, digital, media and broadcasting sectors at MediaCityUK. The building acts as a gateway to MediaCityUK, featuring a large installation of coloured LED lights displaying bespoke motion messages along the prow of the building, creating a distinct and striking effect for those accessing MediaCityUK via Broadway. Creative workspaces cover six floors of Tomorrow, with the upper four floors housing a 112-bed Premier Inn hotel.

Works Carried Out //

This building is cleaned by our team of Rope Access Technicians (Abseilers), they use rope access techniques to clean the external windows, frames and cladding. The challenge associated with the initial clean was to complete prior to the opening of the hotel and offices, which meant a strict schedule had to be adhered to in order to meet the needs of the client.

Equipment Deployed //

- 3 x Rope Access technicians
- 1 x Ground supervisor
- 3 x Dead-weight trolleys
- Exclusion zones
