

Vimto Gardens

Overview //

Vimto Gardens is a development of 83 apartments and 14 town houses with a private shared courtyard on the first floor, providing a peaceful idyll in a city centre space. The scheme is part of the Salford Central regeneration, delivered by English Cities Fund (ECf), a joint venture between Muse Developments, Legal & General and the Homes & Communities Agency (HCA), and in conjunction with Salford City Council.

Works Carried Out //

HCS Cleaning Services were appointed to complete a large scale pressure wash clean of the car park and external areas of the development. All external areas were cleaned using pressure washing techniques, this included the large car park, stairways/walkways and the large upper tiered areas. The challenges with this development were, that the clean covered a much larger area than most of these types of jobs, and also the fact that the clean was over multiple levels.

Equipment Deployed //

- 4 x Pressure Washing operatives
- 4 x Hot water pressure washers
 - 4 x Rotary surface cleaners
 - 10,000 litres of water
